BUSY LIFE ENDED BY CALL OF DEATH

Edmund P. Noble, Citizen, Financier and Public Officer.

First President of Board of Public Works and President of Globe Bank.

HIS WAS SUCCESSFUL CAREER.

Mr. Edmund P. Noble died this morning at the Illinois Central hospital at 8:30 of complications following an operation performed last Friday for appendicitis.

Mr. Noble was stricken at midnight on June 30 and his condition was considered serious from the first. He was removed to the hospital by his physicians, Dr. D. G. Murrell and Dr. J. Q. Taylor, and on the morning of July 3 an operation was performed by Dr. Harvey K. Mudd, of St. Louis, assisted by Dr. Murrell and Dr. Taylor. The operation was thought to have been successful but the patient did not rally as expected. He was given a little nourishment yesterday morning, but about 8 o'clock last night showed signs of sinking and at 1 o'clock his life was despaired of, death coming this morning.

All of the immediate family, except W. Y. Noble, a brother, who was in Nashville and Miss Mamie Noble, a sister, who is in Chicago, was at the bedside.

Mr. Noble was one of the most prominent citizens of Paducah, and his sickness and death caused universal sorrow. While not born here, he has been identified with the city's growth in many ways and has seen Paducah grow from a village to its present progressive stage, to which he contributed no little part. As a merchant, financier, a member of the executive department of the municipal government and adviser to many city administrations, he made his impress on the progress of the city.

He was born in Louisville August 4, 1817, and removed with his parents, Col. John C. and Mrs. Elizabeth Noble, deceased in his early youth. The family came to Paducah in 1857, when Col. John C. Noble started the publication of the Paducah Herald, which for a long time was a power in West Kentucky. Mr. E. P. Noble was associated with his father for a while. This was his first business venture, later he took the local agency of the Bryan & Thompson Tobacco commission company, which had headquarters at New Orleans. The firm ceased operations, and with Frank Miller, in the fall of 1881, Mr. Noble organized the firm of E. P. Noble & company, which engaged in the produce commission business, and, afterwards, the wholesale grocery business. Mr. Miller retired from the firm the following January, and the late Col. T. H. Puryear succeeded to the partnership which continued for twelve years as one of the most successful firms in Paducah. Col. Puryear retired in 1892 and the firm of Noble, Overbey & company succeeded to the business, which continued until 1904, when it was sold to Covington Bros. & company.

Mr. Noble was an indefatigable worker, and his business ventures were markedly successful. He was interested in branch stores in several localities, one being the branch of Noble, Overbey & company, at Paris, Tenn. He earned and desired a rest from great activity which prompted him to dispose of the firm of Noble, Overbey & company.

He became a banker. He did not remain inactive long, however, for only a few months after retiring from the grocery business he was induced to take the presidency of the Globe Bank and Trust company, vice E. W. Smith, who retired to remove west. He accepted the position at a critical period in the life of the institution, but with his acumen he soon brought it to a prosperous condition.

His official career. Mr. Noble's official connection with the municipal government began with his election to the presidency of the aldermanic board, when the city was transferred to the second class.

His work in the board was conspicuous for its impartiality and its disregard of political influence. He was a legislator for the people and in appreciation of his excellent work in the board he was prevailed upon to accept the presidency of the board of public works when it was organized. He made equally as enviable record in

A BETTER VERDICT.

For the Chicago Packingtown From Secretary Wilson.

Chicago, July 10.—"I found the general condition at the stock yards to be good," said Secretary Wilson tonight, "and everything was evidently being hurried to place the entire yard in first-class condition and an evident desire upon the part of all in authority to comply with the laws fully. Tomorrow I will confer with some thirty government inspectors from various cities having packing plants who came here at my request."

Long Highwayman Caught. Fresno, Cal., July 10.—A dispatch to the Republic from Berenda announces that the long highwayman who held up five stages near Ahwahnee Saturday night has been captured. DEWEY ARRIVES

Immense Driveway Completes Trip to Philippines.

Six Months Consumed in Long Journey Half Way Around the World—Its Capacity.

Washington, July 10.—Officials of the navy department are greatly pleased over the news of the safe arrival of the dry dock Dewey at Olongapo, Philippine Islands. When it was first proposed that this immense steel structure should be towed half way around the world many wise old sea dogs shook their heads and predicted the expedition would meet with disaster. One hundred and ninety-six days were occupied in making the trip, or about six and a half months. The Dewey cost \$1,250,000. She is 500 feet long and capable of docking the largest United States battleship in four hours.

"LUMPY JAW" MEAT

And Tuberculosis Infection Will Post Muster as Before.

Chicago, July 10.—Secretary Wilson, of the department of agriculture, announced today that while the question of the inability of infecting human beings by passing tubercular and "lumpy jaw" meat to markets is pending, he would not instruct the inspectors to change the custom. This means infected cattle will be killed just as before the recent denunciation of the practice.

ITALIANS ROBBED OF THEIR EFFECTS

Marauders Get Away With \$800. Worth of Loot.

Somebody Goes Through the Trunks of Street Railway Laborers At Fair Grounds.

COMPANY HAS FOUR CREW.

Fluding the locks forced open and their trunks bare of contents, the 39 Italian laborers imported by the Paducah Light and Power company, returned from work late yesterday afternoon and realized they had been robbed of all their good clothes and other articles in their trunks. A valuable watch and other personal ornaments had been taken.

These Italian laborers live in a house erected for their use by the company on the fair grounds. They do their own cooking and live on the co-operative plan to cut down expenses. No one had been left to watch the outfit, and it is presumed that persons who had been watching their chance, found the opportunity yesterday afternoon, and took the clothes. Officers of the company have heard some bitter talk about their importing the Italians and think they can locate definitely the kind of persons who committed the theft.

While working, the Italians wear the poorest clothes, so that the clothes stolen yesterday were the best suits they had, each one worth probably \$25, making the loss, counting the watch and other articles, amount to between \$600 and \$800. Each laborer had an amount equal to a full suit stolen. Everyone saw the hard-earned savings of many weeks' work swept away in the robbery. They are especially helpless as none can speak English.

It is believed that a theft of that amount of property hardly can be kept secret and in trying to dispose of the stolen goods, the thieves will be caught. But with the crew furnished by the threats against the Italians, it is probable that the guilty persons will be brought to account before the opportunity to successfully dispose of their haul will present itself.

RED FLAGS ARE CONSPICUOUS.

St. Petersburg, July 10.—Admiral Rojestvensky was freed today and exonerated for surrendering to Togo during the battle of the sea of Japan. He was acquitted after the court martial had deliberated nearly ten hours. Four officers of the torpedo boat destroyer, Belov, were placed on trial with their admiral, and found guilty of having premeditatedly surrendered the Belov. All were condemned to death by shooting. On account of extenuating circumstances the emperor will be requested to commute the sentences of the four officers to dismissal from service, who will be deprived of certain rights which they would otherwise enjoy.

Menominee, Mich., July 10.—Tramway, near here, holds the record for the youngest child that smokes. His name is Floyd Yoder. He is three years of age and the son of William Yoder. For a year he has used tobacco habitually. It is one of the sights of the town to see the child toddle along the street puffing away at a huge cigar. At home he smokes a pipe.

Issue Five Dollar Bills.

Washington, July 10.—One of the most remarkable circulars ever issued by the treasury department was today sent by Secretary Shaw to presidents of national banks appealing to them to issue \$5 notes and to keep them in circulation. The great demand for money in this country is such that the treasury department finds itself unable to supply more than half the calls for small notes.

To Overthrow Management.

New York, July 10.—The "International policyholders" committee organized to overthrow the present management of the New York Life Insurance company and the Mutual Life Insurance company of New York, effected a permanent organization at a meeting here today by the election of the following officers:

HANDLE COMPANY

Will Manufacture Patent of Foreman Bros.

Factory Site Is Selected On South Third Street, Where Fifty Men Will Work.

Paducah's latest industry is the Rubber Grip Handle company, which will manufacture a patent of Foreman Bros and employ between 40 and 50 men. The concern has a capital stock of \$20,000 and will erect a factory at 1320 South Third street. C. E. Claire, of Cincinnati, a practical man, will be general manager.

The rubber grip handle is a patent to prevent the hand slipping while using tools, and the contrivance, while simple, and sufficiently inexpensive to make it popular, will have no competition in the trade.

The company includes several local capitalists and there will be a meeting in a few days, when officers will be elected and plans completed for pushing the work.

On the property just acquired an engine house and factory will be erected and three machines, with a capacity of 2,000 handles per day each, will be installed. It is expected that the business will grow rapidly and the company is in condition to increase the capacity of the plant to keep pace with the demand. The handle company promises to be one of Paducah's big enterprises in a few years.

IMMIGRATION TO WEST KENTUCKY

Will be Promoted if the Plan Carries Out.

Commercial Club Will Invite Other Counties to Co-Operate in the Movement.

SECRETARY COONS' IDEAS.

Plans for organizing a West Kentucky immigration bureau are being secured by Secretary D. W. Coons and members of the Commercial club, who will invite every county in Southwestern Kentucky to participate in the movement.

In speaking of the enterprise Secretary Coons said:

"I believe with the surrounding counties interested we can accomplish more good and receive beneficial results more quickly than by simply prosecuting the movement for McCracken county alone. The general movement, of course, is southern, but we wish to concentrate our efforts on this section and get the first good out of the influx of foreign farmers."

"By so large a territory inviting immigration we can offer greater inducements. The cost will not be any greater than for this county to work alone and by dividing the expense among so many, it will not be felt by anyone. Of course, it is unnecessary to say that whatever prospers any part of western Kentucky is bound to have its effect on every other part, so there really is no selfish reason, why we should attempt to limit the scope of our work to McCracken county. You can readily see how much easier it will be to induce immigration, if a wide territory like the west end of the state should extend the invitation instead of just one county."

"The advantages of desirable immigration are plain. The more densely the country is populated, naturally the more valuable the land becomes. That is one advantage. Another is that new blood infuses new methods and stimulates industry. The prime reason is, that we have acres of practically uncultivated land going to waste, that requires only the concentrated efforts of skilled husbandmen to make it productive and yield rich harvests."

"All over the south the benefits of immigration are being realized, just as it was in the northwest years ago. The people up there invited the thrifty German and the hardy Scandinavian to settle in that country and they have made it in blossom."

"The commissioner of immigration has assured us that practically every desirable immigrant that comes to America has a definite destination in view when he lands. For this reason it will be necessary to solicit immigrants in Europe, and the bureau of immigration established by the state will be of great benefit in guaranteeing our reliability. That is the purpose of the state department, to give official recognition to reliable movements."

"Steamship companies and agents of railroads will aid us, but we must prepare data on the subject for distribution and possibly send a representative across the water. If we can enlist the co-operation of other counties in the movement, the cost will be nominal on all."

"Think of the result of an increase of 500 families of working people in this section. Everyone of the desirable immigrants are wealth producers, and we want no other kind. So much derogatory of immigrants has been said that the people generally have become unthinkingly prejudiced against foreigners. We must recollect that our ancestors were foreigners. The majority of those, who can trace their ancestry back for the length of days that place them among the 'first families' will find they sprang from 'immigrant stock.' It is the 'padrone imported' foreigners who flock to the cities, settle in colonies and live and think as they did at home, that constitute the menace to this country. The thrifty foreigner, who settles in the country and adopts agricultural pursuits, becomes a good American, is a wealth-producer and raises an industrious, healthy family."

"I am enthusiastic in this work for the more I study the subject, the more possibilities I see in it."

Misses Lucile and Beulah Perryman, formerly of this city, but now of Knoxville, Tenn., are visiting friends here.

Today's Schedule.
Danville at Paducah.
Vincennes at Cairo.
Jacksonville at Mattoon.

The Indians gave the Danville aggregation a second drubbing yesterday afternoon, and there was some good playing on both sides. The feature of the game, however, was the work of "Happy Jack" Wilkerson, the "Ump," who yesterday made his first appearance with the indicator before a Paducah grand stand. If Cairo found fault with such work as Wilkerson delivered yesterday, then an umpire to the Cairo fans' liking cannot be found.

Wilkerson was there with the goods from start to finish. From the time he announced the batteries until the last man was out, he was in action. "Happy Jack" made 'em walk fast and the fastest game of the season is the result.

The game yesterday afternoon lasted one hour and twelve minutes and it was a good game aside from the few "bobbles" which gave Paducah the game.

The Indians started out winners. The score made in the first inning was tied by the visitors in the second inning, but the Indians tallied again in the fourth and in the sixth another score was shoved in. In the seventh inning two more were made, all except the first coming in on errors.

Wills, for Danville, earned a run by a hard slide on a single hit to right field made by Shaw.

Hitting was scarce and base running good, both catchers using their whips with effect.

Shaw's pegging was especially good. The summary:

Baseball Notes.

Umpire Jack Wilkerson is a brother to "Daddy" Wilkerson, first baseman for the Vincennes team. He has played in all the minor leagues and at one time was a fast man. So far his work is the best seen on the Paducah diamond.

Catcher Bab Shaw who has been signed, released and re-signed several times, is back in Danville uniform and will likely stay. His catching is good, his pegging better and the boy seems to be a comer.

Spencer on third sack for Danville, is one of the star infielders in the Kitty league.

The visitors out hit the Indians yesterday but were unsuccessful in bunching.

Yessler, who made so many errors for Danville yesterday, is a pitcher and only temporarily in the infield.

Wills is getting his eye on the ball again.

The Danville team is just getting a regular lineup again. The team has been losing since it left Paducah after Manager Jack Wortman and Umpire Bush had a fight.

Ott, who plays the outfield for Danville, is the catcher with Cairo three seasons ago.

Quigley looks good to Paducah fans. Chief Lloyd is hitting with all the big stockers in the league. His average will go above the 300 mark for the past month.

Wetzel is playing a good game at third.

The Indians have on war paint thick and intend to take the pennant. The Indians are now one point in the lead of Cairo.

The baseball games will, beginning with tomorrow, be called at 4 o'clock for the convenience of those who can not get to the park earlier. A number of fans work until 3:30 o'clock and often get out too late to see the start. Four o'clock is late enough to enable them all to get to the park, and doubtless the attendance will increase.

Wright's Feat.

Samuel Wright was sent to Metropolis Sunday by the local association to pitch for the Metropolis team against the Cairo's own team. He defeated the Cairo team by a score of 4 to 2. Wright struck out 18 men. He was caught by Doyle, a local catcher.

RAILROAD NOTES

A crew of carpenters from Supervisor W. C. Waggener's department, began building a new fence on the west side of the Illinois Central shops. The fence will be extended to Kentucky avenue to take in the vacant lot the road owns in the rear. The company intends to fence it all in and this will keep the school children out of the yards during school term.

M. Dulaney, district agent for the Nashville, Chattanooga and St. Louis railway at Louisville, will be placed in charge of the downtown ticket office of the road when the fixtures are set and the office opened. The first appointment to the office was made to Mr. Arthur Patterson, of Atlanta, Ga., but Mr. Patterson will not come.

A car load of lemons shipped out of New York consigned to a Paducah firm and sold by a Paducah merchant was transported to Paducah in three

days after it left the east. This is considered a record run for freight.

Police Court.

Police Judge E. H. Puryear took his seat this morning and held his first court. The docket was not large and he dispensed of the cases with remarkable rapidity considering all Nelson Ellis, colored, for malleous shooting, was granted a continuance. Ernest Wren, for carrying concealed weapons, was fined \$25 and costs and given ten days in jail. Other cases: New Watson, drunk, \$1 and costs; Enoch Lynu, breach of ordinance, dismissed; Harry Pike disorderly conduct, \$5 and costs; Henry Mitcherson, colored, disorderly conduct, dismissed on motion of the prosecuting attorney.

DRUMMERS' DAY AT HORSE SHOW

Will Attract Big Crowd to
The City.

Plan Advanced by the Paducah Traveling Men's Club Will Be Suggested.

A HALF THOUSAND VISITORS.

Paducah traveling men expect to hold one of the biggest traveling men's rallies in September ever held in Western Kentucky and are even at this early date preparing for the event. Mr. Jerry Parter, of Clinton, who was the Kentucky candidate for national president of the T. P. A., was in Paducah last night and agreed to assist during the rally. He will be featured as one of the speakers.

The plan is to hold the rally one day during horse show week, and it is desired that the horse show association set one or two days aside to be known as "drummers' day," devoted to the reception and entertainment of drummers. It is expected that fully 500 visiting traveling men will attend.

Any Kind of Box Will Do.
Washington, July 16.—Postmaster General Cortelyou has issued an order, to go into effect August 1, rescinding the regulation under which patrons of rural free mail routes are compelled to purchase boxes from one of the two hundred listed manufacturers, who have put on the market 300 different styles of boxes, approved by the department, costing from fifty cents to four dollars each. Patrons of rural routes will be permitted to construct their own boxes, provided that in doing so they conform to the requirements of the department as to size, durability, safety and protection from the inclemencies of the weather.

Brewers Support Pure Food Bill.

Beer Shown to Be One of the Purest of All Food Products.

The brewers of the United States, as an association and individually, have been staunch supporters of the National Pure Food Bill. Their support has not been a half-hearted acquiescence, but a whole-souled, earnest, energetic effort to have enacted a law that will give the people what they are entitled to—pure, wholesome food.

Beer when properly made, is one of the purest, most wholesome foods known. With the hard-working man nothing can take the place of beer with his lunch—or with his meals. It quenches his thirst and furnishes him nourishment. Pabst Beer is shown by analysis to be absolutely pure and 12 per cent food value (the same as good milk). This high percentage of food value of Pabst beer is due to the exclusive Pabst eight-day malt. Malt for brewing is usually made in four days, but Pabst Malt is made in eight days, retaining all of the rich nutrition of the grain. Malt made by the usual four-day process produces a thin, hard beer that lacks the rich flavor and the high food values of Pabst Blue Ribbon.

Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could not get any relief until I used Cascarets. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to take."

Board Meets and Adjourns.
The board of fire and police commissioners met last night and adjourned without transacting any business. The ordinance creating the office of "engineer of the fire department" has not been signed by Mayor Yeiser and is not a law, hence no election to that office could be held. A driver for the fire engine is to be elected and a few other routine matters acted on when the board meets again.

Honored to Paducah People.
Mr. Kauffman Anspacher, of New York, a nephew of Mr. Abe Anspacher, has achieved success as a playwright, his play "The Embarrassment of Riches" having made a decided hit in the east. The current issue of the Broadway magazine devoted several pages to the young man and his wife, formerly Miss Katherine Kidder, actress and playwright.

LOOKS BAD

YOUTH ARRESTED ON CHARGE OF HOUSE-BREAKING.

Ben Hill, From Wingo, Had Two Much Money to Spend in Paducah, Yesterday.

Ben Hill, a prominent young man of Wingo, Graves county, a few miles south of Mayfield, Ky., on the Illinois Central road, was arrested last night by City Marshal W. D. Jackson, of Wingo, who followed the young man to Paducah. House-breaking is the charge. There is circumstantial evidence against Hill. He protests his innocence strongly.

Sunday night just before M. J. McNeely, a merchant, closed his store in Wingo, he placed \$25 in a small box and hid it in the shelving. That night the store was entered and the money was taken. Marshal Jackson followed Hill to Paducah and spotted him neatly attired in new clothes even to cap and shoes standing at Fourth street and Broadway.

When arrested and informed that he was wanted for "house-breaking," Hill declared that he "did not enter the place," before he had been apprised by the marshal of the nature of the crime. He had \$17 in cash on his person and claimed to have won it on a horse race at Mayfield. He was taken back to Wingo this morning.

DESERTION

CHARGE AGAINST CLARENCE INGRAM OF THIS CITY.

Arrested by Constable Shelton and Will Be Taken Out to Ft. Leavenworth.

Clarence Ingram, a Paducah boy, is under arrest here charged with deserting from the ranks of the United States army and will be taken back to Ft. Leavenworth, Kan., for trial immediately.

The young man is the son of a former policeman, and has a brother, Mr. Morris Ingram, stationman at No. 1 fire station. He enlisted in the army in October, 1903, and was assigned to duty at Fort Snelling, Minn. He is said to have deserted August 12, 1904, and come home. Constable A. C. Shelton made the arrest and will receive \$50 reward for his work. Ingram has been turned over to Sergeant Blake, of the local recruiting station, and an officer will be sent here from Ft. Thomas, Ky., to convey the prisoner to Ft. Leavenworth. Ingram was a member of company "D," Twenty-first regiment of infantry. He had been working on ice wagons since his return to Paducah.

GOOD SELECTION FOR CITY JUDGE

E. H. Puryear Appointed by Mayor Yeiser.

Well Known Attorney, Who Has Filled Office of City Solicitor and Is Competent.

POLITICIANS ARE UP IN ARMS.

Hon. Edward H. Puryear, formerly city solicitor, and one of the ablest attorneys practicing at the local bar, has been appointed to succeed the late David Lillard Sanders as police judge, and this morning was sworn in and held his first court.

Mayor D. A. Yeiser, who under charter has the power of appointment, made the selection last night, after learning Attorney Puryear would accept. He immediately forwarded his appointment to Governor Beckham for ratification.

Judge E. H. Puryear has been a resident of Paducah since his youth and has practiced at the local bar for fourteen years. Of late his work has been chiefly abstracting, and on account of its rapid growth, Judge Puryear was forced to resign his office of city solicitor.

Judge Puryear is an able man fully competent and well qualified for the position. He has been a strong Democrat all his life and will make the city a good official. He will serve out the unexpired term which will be filled at the next regular November elections.

Mayor Yeiser's selection of Mr. Puryear met with the approval of citizens and Democrats generally. But it brought down on the mayor's head the hottest kind of condemnation from city hall politicians. They wanted D. A. Cross for police judge, and they thought Mayor Yeiser would appoint him. Mayor Yeiser had none but complimentary words for Mr. Cross when his name was mentioned, but politicians haven't yet learned to fathom the smile of "Uncle Dave." He made up his mind that Puryear was the man and that was the end of it.

He didn't even tell the city hall crowd when he intended making the appointment. He just announced it when he got ready, and then they commenced on him. They tried to get him to retract after the appointment had been announced. The governor had been importuned until they found he had not the authority.

The appointment has been sent to the governor for approval, and it is intimated that some of the precipitate friends of the "other fellows" will try to hold up the appointment at Frankfort. However, "His Honor" stands pretty close to the throne himself, and it is not likely anything will come of the tempest.

NATIONAL CIGAR STANDS

The Best Cigars Are Now Sold in Drug Stores

This statement is revolutionary, but it is the truth—verified already by hundreds of thousands of discriminating smokers throughout the country. Two thousand druggists who own cigar stands, have wrought a revolution in the cigar trade by the simple expedient of pooling their buying power.

Think what this means! Two thousand druggists—as the National Cigar Stands Co.—buy as one. It buys in million lots; owns its own brands; and controls entire factories. It cuts out four jobbers' profits and puts cigars into the stores of its members nearer to cost-production than has ever been thought possible.

All stores in the National Cigar Stands' organization—the undersigned among them—have a miniature capitol in the window. Find this sign and then ask for a

You will need to smoke only one to determine that "Black and White" is better quality than any cigar store has heretofore sold at three-for-a-quarter.

Specially built National cigar cases insure every cigar reaching the smoker in prime condition.

Daily Thought.
"Investments in knowledge pay the best interest."

Paducah essentially is a river town. An hour's time satisfies the stranger that Paducah's strongest bid for prosperity lies in the presence of the great waterways, at the junction of which she is so happily situated. Moreover, the newcomer, familiar with the water front scenes of the large cities like Cincinnati and Louisville, is astounded at the shipping constantly visible in the Paducah harbor. Almost as many boats will be seen in a day around Paducah during the ordinary season as will come within view of Cincinnati or Louisville in a week. Paducah is a river town and her actual tonnage outranks any other city on the river. It does very well for the stranger to come in on the train, and, standing in Paducah, gaze at the river. But, O, the mortification of it! Think of a stranger coming in on the river and looking at Paducah! Great heaps of refuse, trash scattered for blocks, broken wagons, abandoned small boats, pieces of iron, machinery, tin cans—anything, in fact, that nobody wants on his premises, is dumped on the river front, whence Paducah springs into being. It's a pity ground was not reserved for a river front park, but the least we can do now is to clean it up and make our industrial back yard look as presentable as circumstances allow. It's a disgrace to have it continue thus. During the summer thousands of excursionists pass up and down the river, never stopping at any intermediate port, but carrying reports of their trips and scenes along the river to their homes. Their opinion is worth something to Paducah. And, then, even if they are blind, it is gratifying to our own consciousness to know we are clean.

In the midst of a life already blessed with success beyond that attained by the average man, in the fullness of health, at the height of his business career, earning the esteem of his fellow citizens, Edwin P. Noble's untimely death is unusually sad. He had more to live for, it seemed, than most men; more to make life a blessing to himself and others. He had served the city well and faithfully, he had been trusted with grave business responsibilities and proved equal to the task. He had built himself a new home—built it just as he and his wife desired it, had furnished it to suit their taste, and they were preparing to enjoy life, as only it can be enjoyed in a home, when death laid its ruthless hand upon him and turned the mansion to a house of mourning. Companion words these—home and life, and the memory of Edwin P. Noble will be none the dimmer by the thought, that among his chief ambitions realized was a home that he loved.

One thing is certain: Tom Taggart's business enterprises will never attain the heights of governmental investigation. They will be subjected

BUSY LIFE ENDED BY CALL OF DEATH

this position, and resigned several months ago because he moved his residence outside the corporate limits of the city.

Mr. Noble was a vestryman of his church, the Grace Episcopal church, and was one of the founders of the Y. M. C. A., which did such excellent work in the city for years.

His Home Life.

Col. Noble was married twice, his first wife being Miss Mary Rabb, of the city. He was married to her November 21, 1870. She died September, 1900. By his first marriage he had a daughter and son, Mrs. David Sanders and Mr. Rabb Noble, both of the city. On October 21, 1905, he was married the second time to Miss Emma Reed daughter of Hon. Charles Reed, for years proprietor of the Palmer House and ex-mayor of the city. Mr. Noble built a handsome home on West Broadway just east of Wallace park, and the estimated cost of the home is \$20,000, including furnishings. He had moved into the house but a few weeks before he was taken ill.

Was a Wealthy Man.

He was one of Paducah's wealthiest men. He was a stock holder in the Globe Bank and Trust company, of which he was president at his death, also in the Paducah Banking company and Paducah Savings company and held a half interest in the mercantile firm of Noble, Overby & Company at Paris, Tenn. He owned a great deal of valuable real estate. He was heavily insured and it is said his life insurance will aggregate \$20,000.

Mr. Noble was a man whose citizenship will stand as a monument to his memory. He was unselfish, liberal and progressive and of keen judgment. His work in the aldermanic board, the board of public works, and in his business life was successful to the highest degree. He led a quiet life and cared little for the pleasures of fraternalism, not being a member of any order or lodge as far as is known.

The news of his hopeless condition was current at an early hour this morning and his death caused universal sorrow in all circles. The body was taken from the hospital to his home by the Guy Name Undertaking company and prepared for burial. On account of the absence of two members of the family no funeral arrangements have been made.

The deceased leaves many relatives, being connected prominently in Paducah. His wife and his mother, Mrs. Elizabeth Noble, survive him, also three brothers, Messrs. Robert H. Noble, William V. Noble and John C. Noble, the latter of Calvert City. Three sisters survive him. They are Miss Mamie Noble, Mrs. Miran Blanton, Grand Rivers and Mrs. Emma Clark, city. His son and daughter, of the city, are the only children.

Mrs. David Sanders his daughter, is in Martinsville, Ind., in a sanitarium, and will be brought to the city probably today or tomorrow.

The death of Col. Edmund Pearson Noble creates a vacancy in the roster of officers in the Globe Bank and Trust company, but no election will be held until after the funeral of the deceased president.

The officers of the bank are E. P. Noble, president, deceased; G. W. Robertson, vice president and Nolan VanCatta, cashier. An officer stated this morning that the matter of filling the vacancy had not been discussed on account of the suddenness of President Noble's death. He seemed inclined to believe that no nomination would result but that a new president would be elected by the directors.

WILL BUILD ROAD OF TARRED GRAVEL

Broadway Between Twenty-Fifth and Twenty-Sixth.

All Bids for New County Poor-house Rejected, Because They Are Too High.

ACCOUNTS THIS AFTERNOON.

Fiscal court met in called session this morning to consider bids for the new county poor-house, but all bids were rejected because they were too high. Only three firms placed bids.

The bids were: William Karnes & Co., \$19,420; Jack Cole, \$19,775; and Davis & Dunlap, \$20,292.

A resolution was presented from Central Labor union. It provided that the board give organized labor preference in all county work where it is possible and also endorsed the organization of labor, where it is right and legally carried out.

The road supervisor, Bert Johnson, was required to make out a quarterly report to the board of work done on roads the itemized expenses, etc., for the convenience of the magistrates in making themselves thoroughly acquainted with the work.

In the matter of making an experiment with tarred roads, the board voted to build one square from Twenty-fifth to Twenty-sixth street on Broadway. The property owners agreed to stand part of the expense. The gravel is swept and graded and is filled in. This is the same kind of road built by the government out of Jackson, Tenn., as an experiment. It has proven successful there. The supervisor is to begin work on this block at once.

The board adjourned at 11:30 o'clock until afternoon when accounts will be taken up.

The resolutions proposed by the Central Labor union were adopted by the fiscal court unanimously this afternoon.

The young man was arrested several days ago while attracting a crowd near Tenth and Jefferson streets by preaching, and was placed in full pending trial. He showed few signs of mental derangement.

Court Notes.

The Sherrill-Russell Lumber company filed a mechanic's lien against Dave Reynolds today for an alleged debt of \$50 for material furnished a house at 1124 Atkins avenue.

A marriage license was today issued to Charles Muir Givens, 24 years old, in Lillian Phoebe Logue, 21 years old, both of the city.

Hot Days Beneficial.

It is strange we never stop to realize that the hot days are good for us. They are tho', just as they are good for crops. Nature sends the hot days to give us a good "sweating."

If the use of the vulgar word is permissible in this way it eliminates some of the poisons from our systems. If we would get out of doors, instead of sitting in the shady nooks, and take two or three hours in the open air with the "holing aun" holing us right we would feel lots better, and be lots better.

This is a correct theory, and is the theory that prompted the invention of the hot-air treatments I am giving with such success in my practice.

When used in connection with Osteopathy it is a specific for the ailments that give us Paducahans the most trouble—malaria, chills and fever and biliousness, and I can in just a few minutes show anyone suffering of these ailments why they yield so readily to the treatment. I can refer you to people you know who will attest to my statements.

If you feel drowsy, and tired; feel like you had a taut band around your head which was being drawn closer all the time; if you are suffering of indigestion of any form, a course of Osteopathic and dry hot-air treatments will bring a quick cure, and do so without the aid of anything but aids to Nature.

My office hours are from 9 to 12 and from 2 to 5, Dr. G. H. Froese, 518 Broadway, Phone 1497.

Two Cabs Stood at the Stage Door And Two Bouquets Went to Evelyn When White and Thaw Were Rivals

New York, July 10.—The investigation of the district attorneys to discover the motive for the killing of Stanford White by Harry Thaw is bringing to the office of the prosecutor many young women of the stage. The Broadway theatrical district has been flooded with subpoenas. Many chorus girls have left the city and others remain at their homes to avoid the subpoena servers. The activity of the district attorney's office in running down all clues in the theatrical district is largely due to the story told Assistant District Attorney Garvan by Edna McClure, a show girl and former friend of Mrs. Thaw. Miss McClure said that when Evelyn Nesbit was in the "Wild Rose" company, both Stanford White and Harry Thaw were pursuing her. There were two cabs at the stage door for her every night and two bunches of flowers. White won at that time and he took the girl from the stage and sent her to school in Pompton, N. J. She was taken ill while there and underwent an operation. Then White sent her and her mother to Europe. Harry Thaw learned of this and went abroad. He met the girl in Paris and Evelyn went with him, leaving Mrs. Thaw, the girl's mother, penniless in Paris. She had to cable White for money to get home. Evelyn tired of Thaw's conduct abroad and left him. When she got home she went to Stanford White and told him of the treatment to which she had been subjected by Thaw. White then took her to a notary and had her draw up an affidavit which is now so badly wanted by the prosecution. Thaw followed her home and after some time she rejoined him and they went abroad together.

AN APPEAL FOR JIM HOWARD'S FAMILY

Responding to an urgent appeal made by republicans and democrats alike, The Sun presents a plain statement of fact in regard to James H. Howard's stricken family.

James B. Howard is now confined in the penitentiary, where he will serve a life sentence, having been convicted of the murder of William Goebel, five years ago.

Mrs. James B. Howard and her three little children are the innocent victims of the predicament Mr. Howard finds himself placed in by process of law. For five years this heroic woman has labored unceasingly, and never without hope, to secure a vindication for her husband. Their little home has been swept into the legal maelstrom, and today they are dependent on charity for the clothes they wear, and even for the bread they eat.

This condition will not be permitted to remain as long as there are tender hearts in Old Kentucky. This loyal wife has, by a devoted typical of Southern womanhood, touched the finest instincts of the human race, facing the darkest gloom, from day to day, she has presented to a devoted husband a smiling and unflinching optimism that has undoubtedly braced him for the heavy ordeal he has undergone.

These three children are winsome children—four both the father and mother are persons of education and refinement. They are denied a home, an opportunity to acquire knowledge, a right to a father's care and protection.

Is it not a worthy cause? Think as you may of the guilt or innocence of Jim Howard, here are helpless beings adrift on a world none too sympathetic, unless aroused to the cry of urgent want.

The Sun will acknowledge receipt of all money sent to it for "The Mrs. James B. Howard Fund."

A dime, a dollar a hundred dollars, or any amount, given in such a cause, will be "bread cast upon the waters," and such, the Great Father assures us "will come back an hundredfold."

Lid Off When Folk Leaves.

DIRECT CURRENT IS RECOMMENDED

Light Committee of General
Council Meets.

Listens to Arguments of Representatives
of Electric Companies
Present.

TO IMPROVE THE CITY'S PLANT.

A direct current system of street lighting will be recommended by the light and power committee to the council. This was decided at the meeting of the committee yesterday afternoon.

There were two systems advocated by the different representatives of the electrical manufacturing concerns, who appeared before the committee. They are technically known as the direct and alternating systems. The alternating system has the advantage of being used either for street lighting or commercial lighting or both. The direct system can be used only for street lighting.

John W. Holmes, the consulting engineer to the committee, recommended the alternating system, and Supl. Keebler, of the city light plant, recommended the direct system. If the direct system is installed, the engine and boilers now at the plant can be used only as auxiliary help, while they would be available if the alternating system were adopted.

Discussion of the relative merits of the two systems sounded like this:

"Tis."
"Taint."

The representatives of the electrical concerns so regularly contradicted each other in advocating the two systems, that the committee laughed each time a new representative was introduced.

The representative of the Westinghouse Machine company was positive that the direct system was what the city wanted. The representative of the General Electric company followed and after offering cigars all around, substantially said the other fellow did not know what he was talking about, and to prove his sincerity offered to bring one of his house's lights here for a practical test which proposition the committee accepted. It will be tried out next week.

Charges of Peonage.
Charges of peonage were made yesterday at Heattytville by a negro formerly employed by a contractor operating a rock crusher, and the federal grand jury will be called on to make an investigation. An attorney at Bentleyville has confirmed the negro's statements in part.

In the Bishop's Carriage

By MIRIAM MICHELSON

(Copyright, 1924, by The Babbs-Macmillan Co.)

"You'll stay here, Nancy, and watch," Tom whispered. "You'll whistle once if a cop comes inside the gate, but not before he's inside the gate. Don't whistle too soon—mind that—nor too loud. I'll hear ye all right. And I'll whistle just once if anything happens. Then you run—hear me? Run like the devil!"

"Tommy—"

"Well, what?"

"Nothing—all right." I wanted to say good-by—but you know Tom.

Mag. were you ever where you oughtn't to be at midnight—alone? No, I know you weren't. "Twas you ugly little face and your hair that saved you—the red hair was used to guy so at the Cruelty. I can see you now—a freckle faced, thin little devil, with the tangled hair to the very edge of your ragged skirt, yanked in that first day to the Cruelty when the neighbors complained your crying wouldn't let 'em sleep nights. The old woman had just looked you in there, hadn't she, to starve when she lit out. Mother's are queer, ain't they, when they are queer. I never remember mine.

Yes, I'll go on.

I stood it all right for a time, out there alone in the night. But I never was one to wait patiently. I can't wait—it isn't in me. But there I had to stand and just—God!—just wait.

If I hadn't waited so hard at the very first I wouldn't 'a' given out so soon. But I stood so still and listened so terribly hard that the trees began to whisper and the bushes to crack and creep. I heard things in my head and ears that weren't sounding anywhere else. And all of a sudden—tramp, tramp—I heard the cop's footsteps.

He stopped over there by the swinging electric light above the gate. I crouched down behind the iron bench.

It is said had been supplied with liquor, attacked the nutmeats. The officers of the Seventh fired on their own men.

The number of killed and wounded has not been established.

Bold Russian Highwaymen.

Warsaw, July 11.—Ten armed men today attacked the cashier of the Victoria railway, who was proceeding to the state bank to deposit the day's receipts. He was accompanied by an attendant and two soldiers. The assailants stopped the carriage, shot the soldiers dead and got off with \$50,000. The cashier escaped saving \$400,000.

Hoisted Red Flag.

Sebastopol July 11.—It is reported that the Ironclads Pantolimon and Three Saints have joined the garrison of Batum fortress, which has been in mutiny, that the Three Saints hoisted the red flag and that the mutineers are forebodingly detaining the other two ironclads which have refused to join them.

remembered. I said to myself, I fitted it to the ferry whistles on the hay—to the cop's steps as they passed again—to the roar of the "L" train and the jangling of the surface cars.

And right in the middle of it—every drop of blood in my body seemed to leak out of me, and then come rushing back to my head—I heard Tom's whistle.

Oh, it's easy to say "run," and I really meant it when I promised Tom. But you see I hadn't heard that whistle then. When it came, it changed everything. It set the devil in me loose. I felt as if the world was tearing something of mine away from me. Stand for it? Not Nance Olden.

I did run—but it was toward the house. That whistle may have meant "Go!" To me it yelled "Come!"

I got in through the window Tom had left open. The place was still quiet. Nobody inside had heard that whistle so far as I could tell.

I crept along—the carpets were thick and soft and silky as the rug I'd had my hands buried in to keep 'em warm. Along a long hall and through a great room, whose walls were thick with books, I was making for a light I could see at the back of the house. That's where Tom Dorgan must be and where I must be to find out to know.

With my hands out in front of me I hurried, but softly, and just as I had reached the portieres below which the light streamed, my arms closed about a thing—cold as marble, naked—I thought it was a dead body upright there, and with a cry, I pitched forward through the curtains into the lighted room.

"Nance!—you devil!"

You recognize it? Yep, it was Tom. Big Tom Dorgan, at the foot of Latimer's bed, his hands above his head, and Latimer's gun aimed right at his heart.

Think of the pluck of that cripple, will you?

His eyes turned on me for just a second, and then fixed themselves again on Tom. But his voice went straight at me, all right.

"You are something of a thankless devil, I must admit. Miss-Omar," he said.

say things in answer to things like that. You feel 'em.

Asbamed. What do I care for a man with a voice like that? But you should have heard how Tom's growl sounded after it.

"Why the hell didn't you light out?"

"I couldn't, Tom. I just—couldn't, I sobbed.

"There seems invariably to be a

misunderstanding of signals where Miss Omar is concerned. Also a disposition to use strong language in the lady's presence. Don't you, young man!"

"Don't you call me Miss Omar!" I blazed, stamping my foot.

He laughed a contemptuous laugh.

I could have killed him then, I hated him so. At least, I thought I could; but just then Tom sent a spark out of the corner of his eye to me that meant—

—I meant—

You know, Mag, what it would have meant to Latimer if I had done what Tom's eye said.

I thought at first I had done it—it passed through my mind so quick; the sweet words I'd say—the move I'd make—the quick knocking-up of the pistol, and then—

It was that—that sight of Tom, big Tom Dorgan, with rage in his heart and death in his hand, leaping on that

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

Miss Margaret Merkley

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:

"Loss of strength, extreme nervousness,

beating pains through the pelvic organs,

bearing down pains and cramps compelled

me to seek medical advice. The doctor, after

making an examination, said I had a female

trouble and ulceration and advised an operation.

To this I strongly objected and decided

to try Lydia E. Pinkham's Vegetable Com-

ound. The ulceration quickly healed, all the

bad symptoms disappeared and I am

once more strong, vigorous and well."

Female troubles are steadily on the

increase among women. If the monthly

periods are very painful, or too fre-

quent and excessive—if you have pain

or swelling low down in the left side,

bearing-down pains, don't neglect your-

self; try Lydia E. Pinkham's Vegetable

Compound.

Yep, from that little, rat-eyed law-

yer's office. I was glum as mud. I

sit as though Tom and myself were

both flies caught by the leg—he by the

law and I by the lawyer—in a sticky

mess; and the more we flapped our

wings and struggled and pulled, the

more we hurt and tore ourselves, and

the sooner we'd have to give it up.

Oh, that wizen-faced little lawyer

that lives on the Tom Dorgans and

the Nance Oldens, who don't know

which way to turn to get the money!

He looks at me out of his red little

eyes and measures in dollars what I'd

do for Tom. And then he sets his

lip a notch higher than that.

When I passed the big department

store, next to Truyn's, I was just

blinking of this, and I turned in

here just aching for some of the

little that flaunts itself in a poor

girl's face when she's desperate, from

very silk and satin rag, from every

place and jewel in the place.

The funny part of it is that I didn't

think it for myself, but for Tom. "Pon-

der my arms with everything I saw,

wouldn't have put on one thing of

all the duds; just hiked off to soak

and pay the lawyer. I might have

been as old and ugly and rich as the

yellow-skinned woman opposite me,

who was turning over leaves on the

middle counter, for all these things

meant to me—with Tom in jail.

I was thinking this as I looked at

her, when all at once I saw—

You know it takes a pretty quick

touch, sharp eyes and good nerve to

get away with the goods in a big shop

like that. Or it takes something alto-

gether different. It was the different

way she did it. She took up the piece

of lace—it was a big collar, fine like

a cobweb picture in threads—you can

guess what it must have been worth

if that old sinner, Mother Dooty, gave

me \$15 for it. She took it up in a

quick, eager way, as though she'd

found just what she wanted. Then

she took out a lace sample from her

gold-linked purse and held them both

up close to her blinky little eyes, look-

ing at it through a gold fornetto with

emeralds in the handle; pulling it and

feeling it with the air of one who

knows a fine thing when she sees it

and just what makes it fine. Then

she rustled off to the door to examine

it closely in the light, and—Mag Mon-

ahan, she walked right out with it!

JOHN ROBINSON SHOWS.

Big Historical Spectacle—Battle of Wounded Knee.

To speak of the merits of John Robinson's ten big shows combined is merely "love's labor lost" with the people of this nation. There is not an amusement lover on the continent that is not cognizant of the fact that it is now and has ever been the best among the best. Everybody does not know, however, that during the last winter's vacation the show has received augmentation so vast and so important as to dwarf by comparison even its own great exhibitional excellence. We allude to the grand reproduction of the battle of Wounded Knee in which innumerable people are active participants, and which is complete in scenographic effect, typical personages and events, profuse in pageant and processional features, and conspicuously portraying events, scenes and incidents of the famous battle. This eminently historical spectacle will commend itself to every lover of the historical. One thousand soldiers, Indians, scouts and horses are used.

The John Robinson shows is to exhibit here on Saturday, July 14.

He inoculated 23 head. The disease is commonly known as "black leg" and kills in from one to three days. It appears in the shape of bad sores on the legs and is caused by swampy ground.

MOSES FELTNER TAKES THE STAND

Tells Story of Plot to Murder
Marcum.

Reports of Attempts to Intimidate
Witnesses for Commonwealth
Are Heard.

JIM HARGIS HARD TO MANAGE.

Beattyville, Ky., July 10.—Charles Terry, who made the race against Callahan for sheriff, in 1901, was the first witness at the afternoon session. He engaged Marcum to make a contest of the election.

Witness was at the home of Marcum in June, 1902, when Feltner came to warn Marcum of plots to kill him. Witness heard Callahan threaten to shoot Marcum's dog heart out.

This was the first time Moses Feltner has ever appeared in the Marcum case, he having been ajilted out of the state during the trial of the damage suit at Winchester.

Feltner said the first time he went to the Hargis office it was at the request of Abner and Smith. He met Hargis, Callahan, Abner and Smith. Witness had told Abner and Smith he would agree to kill Marcum, and Hargis and Callahan agreed that night to stand by him and see that no harm befell him if he would carry out his part of the plot.

Feltner said he told Hargis and Callahan that he would not enter into the plots to kill Marcum with B. F. French. He said it was a well known fact that he and French were enemies.

Mrs. Marcum Testifies.

Mrs. Abrella Marcum, widow of the murdered attorney, was the first witness introduced by the commonwealth. She said her husband died on May 4, 1903, in the town of Jackson, as a result of a gunshot wound.

Witness told of various times in which she saw Curt Jett, John Abner, John Smith and Tom White at various places near her home after Marcum had been warned by Feltner that they would be at those places for the purpose of carrying out the plots of Hargis and Callahan to kill him. Mrs. Marcum had seen Smith and Abner and Curt Jett enter and leave the house of Alex Hargis, where the window of the room was raised about six inches, with the blinds drawn.

Attempts to Intimidate.

Numerous efforts to intimidate the witnesses for the commonwealth by Hargis and Callahan henchmen were reported to Commonwealth's Attorney James P. Adams today, and it is likely that the court will be called upon to put a stop to this or send the alleged intimidators to jail. It was reported that various messages had been carried to Moses Feltner, Sam Fields and other witnesses during Sunday and Sunday night, in which efforts were made to get these witnesses to leave the state and not testify during the trial.

That Jim Hargis is perhaps the hardest man in the world to defend was demonstrated here during the past week, when he and his leading counsel, Young, had several tilts regarding the manner in which his case was being conducted. The arguments reached such a point on more than one occasion that Attorney Young threatened to throw up the defense and leave for his home in Morehead. Even though paying the attorneys large fees to represent him, Hargis refuses to listen to their advice, but at all times wants them to follow his lead even when they think and advise otherwise.

JETT ON HIS WAY.

Reiterates Determination to Tell All
On Stand.

Lexington, July 10.—Curtis Jett, self-confessed murderer of James H. Marcum, was here today en route to Beattyville to testify in behalf of the commonwealth. Jett said Tom White and himself were hired by his uncle James Hargis and Ed Callahan to murder Marcum. He declared he will tell the entire plot and crime on the witness stand in the Hargis-Callahan trial at Beattyville.

TWO ARE DEAD.

Third Mortally Wounded As Result
of a Pitched Battle.

Muskogee, I. T., July 10.—Ernest and Mea Hubbard are dead and Reuben Kirby injured as the result of a pitched battle near Westville, I. T., today between members of the Hubbard and Kirby families, which have been keeping alive a feud for several months. Winchester and pistols were used by both factions.

The melancholy days have come on the river. Low water has wrecked all schedules, and laid boats off. Telegrams from the Lee line headquarters say navigation of their boats on the Ohio has been suspended because of low water. No lighter draught boats will be placed in the trade by that line. The Georgia Lee is at Memphis and the Peters Lee is in the upper Ohio.

No word has been received from the Dunbar which is this morning 36 hours overdue. It left last Wednesday for Nashville and was to have gotten back here Sunday night to start out Monday at noon for Clarksville. The Dunbar probably will arrive tonight in time to leave Wednesday noon for Nashville. Low water is the only reason imagined.

The gauge at the foot of Broadway registered a stage of 7.2 this morning, a fall of .6 in the last 24 hours.

The Bob Dudley arrived from the upper Cumberland yesterday to go on the dry docks. It is probable that the Dudley will take the place of the Dunbar when it gets off the docks as it is a lighter boat.

The Lookout and Fannie Wallace, now on the dry docks, will be let into the river tomorrow. A towboat from Vicksburg and the Dudley will occupy the vacated positions.

If the river keeps falling it will be necessary to replace the Fowler boats with smaller boats. The Buttorff and Dunbar might take the run to Evansville of the John S. Hopkins and the Joe Fowler.

The Dick Fowler completed repairs to the boilers in time to start regularly this morning for Calo. There were about a dozen white men on the Dick Fowler this morning taking the places of the negro roustabouts. River men do not believe white men can stand the strain of the work-like the negroes, and the negroes seem to be conscious of their greater staying ability and are indifferent accordingly.

Captain Taylor, of the dry docks, says the water is so muddy now that boilers on the boats are being burned out every day. Several burned out last week. The mud in the water at this time of the year seems to be harder on the boilers than in the winter. It also sticks to the hulls of the boats in greater quantities than in winter. Off as small a boat as the Fannie Wallace was scraped many wagon loads of mud. The boats are much lighter after scraping.

The John S. Hopkins was the regular Evansville packet this morning, arriving and departing before noon.

Captain Bewley, of the Dick Fowler, was carried from the Dick Fowler to the Riverside hospital this morning. He has been sick from malarial fever. Captain Cole is filling his position.

Lock No. 2, in the series along the Ohio river, which is being built at Coriopolis, O., will be finished about September 1. It will mark the completing of another step in the canalization of the Ohio from Pittsburg to Calo, and then to the Gulf of Mexico.—Louisville Post.

Vicksburg parties headed by the Commercial club of that city, have purchased the dry docks of McCarty & Finney, which have been anchored near the mouth of the Tennessee river here, and they will be towed by the Douglas to that point in charge of Capt. Pickler today. It will result in a number of skilled mechanics and their families leaving the city, unless there is a greater demand created by the additional work thrown on the other docks and ways, by this concern leaving.

Commissioner Cecil Reed sold the Henrietta and nine harges yesterday for \$7,150 to Capt. Barnes who was the highest bidder. It is considered a good price for the boat and barges. The partnership of the owners was dissolved and a receiver appointed to wind up the business. John A. Summers and Arthur A. Peck were the owners.

Official Forecasts.

The Ohio at Evansville no material change during the next 36 to 48 hours. At Mt. Vernon, will continue falling during the next 36 hours. At Paducah and Calo, will continue falling during the next two or three days.

The Tennessee from Florence to the mouth, no material change during the next 36 hours.

The Mississippi from Chester to Calo, will continue falling.

The deceased was 61 years old, and came to Paducah from Louisville, his birthplace, in early life. He was a son of the late Col. Samuel B. Hughes, one of the early residents of Paducah. He was a prominent in the Gun club and was referee in shoots here for years. He was also a lover of sports in general and was a prime mover in all sporting events in Paducah and western Kentucky.

Several years ago he became ill of rheumatism and was forced to go to several health resorts for relief. He recovered and had been in excellent health since.

After he was stricken last night, Drs. J. G. Brooks and Jeff D. Robertson were summoned, but could do nothing for the patient. He expired within an hour after sustaining the stroke. His body was removed immediately to his home, 613 Broadway.

He is survived by four brothers and two sisters. They are Samuel B. Hughes, president of the City National bank; William Hughes, cashier of the Paducah Banking company; George Hughes, a well known real estate dealer, all of this city, and Mr. Hunter Hughes, of California. The funeral of Mr. Hughes will take place Thursday. Following are the pall-bearers: Honorary—Dr. J. G. Brooks, J. W. McKnight, Judge James Campbell and Harrison Watts. Active—Saunders A. Fowler, Emmet W. Bagby, W. B. Kennedy, C. W. Sherrill, Charles Welle and James Lang.

DEATHS OF A DAY

Mrs. Catherine Wahl.

Mrs. Catherine W. Wahl, 78 years old, died Monday afternoon at 4 o'clock at her residence, 521 North Fourth street, of general debility. In her death Paducah loses one of its eldest and most highly respected citizens.

She was born in Hanover, Germany, October 9, 1829, and came to the United States with her parents and settled in New Albany, Ind., in her early youth. She married her late husband, J. F. Wahl, in New Albany, and located in Hopkinsville, Ky., shortly after their marriage. In 1887 she moved to Paducah and had made this city her home since.

Her husband engaged in the general furniture business and prospered, being the leading merchant in his line in Western Kentucky. He died four teen years ago.

Mrs. Wahl is survived by the following children: Frank and Allie Wahl, engaged in the laundry business in Paducah; James Wahl, a jeweler, of New Orleans; Mrs. Henry Nagel and Miss Ella Wahl, of Paducah.

Mrs. Wahl's funeral will be conducted by the Rev. Bourquin tomorrow afternoon at 2:30 o'clock at the residence.

Judge Sanders' Funeral.

There was a large attendance at the funeral of Judge D. L. Sanders yesterday afternoon at 4 o'clock. All the city officials attended in a body, and many lodge and church members and friends filled the church. The Rev. T. J. Newell officiated. Flowers were banded about the casket in profusion. The procession to the cemetery was headed by a platoon of policemen.
